

## Residential Water Conservation Requirements Worksheet (New Construction and Remodel/Additions) As of October 1<sup>st</sup>, 2010

The Bernalillo County Commission adopted revisions to the Water Conservation Ordinance on May 25<sup>th</sup>, 2010, which became effective October 1, 2010. The ordinance now requires that all new construction in the unincorporated area of Bernalillo County meet one of the three options shown below. All residential remodels or additions within the unincorporated area must use EPA water sense labeled fixtures (1.28 gpf toilets and low flow aerators) for any new plumbing fixtures installed. Residential water conservation inspection for new construction, remodels, and additions will be performed by Building inspectors prior to issuance of the Certificate of Occupancy. Applicants wishing to utilize Alternative 1 or 2 below, or claiming an exemption to the Water Conservation Ordinance need to contact the Water Conservation Program at 848-1578 for further instructions.

## Water Conservation Measures Worksheet: Single Family and Small Multi-Family Development

Applicant Information	on							
Applicant Name		Address				Date		
Water Conservation	Alternative / Planting a	nd Landscap	e Restriction	ons				
Alternative 1	Bernalillo County Water Co	nservation Mea	asures Works	heet				No
Not Applicable								
Alternative 2	Build Green New Mexico Bronze Certification							No
Not Applicable
